GAME NIGHT HOST SHEET

# Run the challenge

Print page one for the counter. Use this page at the table.

## Invite the shopper

“You have $40, including shipping and tax. Which cards would you keep?”

Each player uses their own device. Returning players can resume their exercise.

## Let them choose

The example starts at $66.72. Keep Pikachu locked and tap Explore plans.

Ask what they would buy now and what they would leave for later. Saving is optional.
